

TERMS AND CONDITIONS OF THE EMSI
EMSOF CATEGORY IV PROVIDER EQUIPMENT PROGRAM

By submission of the application for use of EMSOF money, the applicant ("Applicant") hereby acknowledges that it has read and understands the following conditions and limitations, agrees to each obligation and requirement contained herein, and understands and agrees that it shall be legally bound hereby:

1. The EMSOF Provider Equipment Program operates on a reimbursed cost basis, meaning that Applicant is required to pay the total cost of the purchased items and thereafter submit required documentation to EMSI of the actual purchases prior to the established deadline. **Reimbursements cannot be guaranteed for documentation submitted after the established deadline. Funds granted hereunder must be expended for the stated purposes only.**
2. Applicant must purchase equipment identified on the Funding Priorities List as published annually by the Department of Health. Any requested equipment which is not on the Funding Priorities List must be approved in advance by the Department. Costs incurred are not eligible for reimbursement if the specified equipment is ordered or purchased prior to approval by the Department of Health. The maximum allowable cost upon which the EMSOF contribution will be calculated and the life expectancy of the purchased equipment is shown on the Funding Priorities List.
3. EMSOF may be used to fund 60% of the maximum allowable cost of approved equipment items for rural providers and 50% of the maximum allowable cost of approved equipment items for non-rural providers. The Applicant is responsible for the balance of the purchase price. The Applicant may purchase an item for an amount that exceeds the maximum allowable cost, but the Applicant will be responsible for payment of such excess costs.

 - A. The organizations on whose behalf the equipment is being ordered will be required to deposit with the Applicant the required matching funds before the Applicant issues a purchase order or makes a purchase on their behalf.
 - B. The Applicant will enter into an appropriate letter agreement with the other organizations which agreement must be approved in advance by EMSI.
7. Even if titled in the name of the Applicant, all equipment purchased using EMSOF money shall be considered to be owned jointly in title only by EMSI and the Applicant in the same proportion as their respective financial contributions toward the purchase of such items. For the purposes herein, EMSI's financial contribution shall be deemed to be the percentage of the purchase price funded using EMSOF. Notwithstanding the joint ownership in title created hereunder, EMSI has no, and assumes no, liability or obligation of any type related to the

ownership or use of such equipment, specifically including any obligation for payments related to purchase (except as specified in this agreement), maintenance or ongoing ownership or use.

- A. The Applicant shall, at all times, keep and maintain such equipment in good order and repair. EMSI shall be entitled to inspect and inventory such equipment at its discretion.

 - 9. The Applicant may not assign this contract or the right to EMSOF money to any other person or entity without prior written consent of EMSI. This contract shall be binding not only on the Applicant but, in the event of a permitted assignment, also on any successor or assignee.
 - 10. Violation of any provision of the application or contract for use of EMSOF by the Applicant shall constitute a breach of the entire agreement, in which event EMSI shall have the right to terminate the agreement and deny or withdraw approval for use of EMSOF. In such event, any EMSOF money paid to Applicant must be immediately repaid to EMSI.
 - 11. The Applicant does hereby agree that all services and equipment under this project will be acquired and maintained for purposes of the provision of emergency medical services and that the project will be conducted in accordance with Pennsylvania law and all other applicable present and future policies and requirements of EMSI, the Office of EMS and/or the Pennsylvania Department of Health. Applicant attests that it is in compliance with, and agrees to abide by, all applicable state and federal laws including, but not limited to, the Pennsylvania Emergency Medical Service Act of 1985 and the associated Regulations.
