Emergency Medical Services Operating Fund Funding Priorities for Fiscal Year 2014-2015

**[44 Pa.B. 8061]
[Saturday, December 27, 2014]**

Under 28 Pa. Code §§ 1021.24 and 1021.25 (relating to use of EMSOF funding by a regional EMS council; and allocation of EMSOF funds to regional EMS councils), the Department of Health (Department) gives notice of priorities for the distribution by the regional emergency medical services (EMS) councils of funding from the Emergency Medical Services Operating Fund (EMSOF) for the fiscal year beginning July 1, 2014, and ending June 30, 2015.

EMSOF moneys are to be used to provide funding to maintain, improve and develop the quality of the EMS system within this Commonwealth. The Department finds that EMSOF is not sufficient to fully fund the EMS system. Therefore, it gives notice, under 28 Pa. Code § 1021.24(e), that recipients of EMSOF funding from regional EMS councils may be required to provide matching funds toward all purchases, acquisitions and projects for which the Department permits the use of EMSOF moneys.

The funding priorities, requirements and criteria established for Fiscal Year (FY) 2013-2014 as published at 43 Pa.B. 3062 (June 1, 2013) remain in effect for FY 2014-2015.

Persons with a disability who require an alternate format of this notice (for example, large print, audiotope, Braille) should contact George Aupperlee, Department of Health, Bureau of Emergency Medical Services, Room 606, Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120-0701, (717) 787-8740. Speech or hearing impaired persons may use V/TT (717) 783-6154 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

MICHAEL WOLF,
Secretary

Emergency Medical Services Operating Fund Funding Priorities for Fiscal Year 2013-2014

**[43 Pa.B. 3062]
[Saturday, June 1, 2013]**

Under 28 Pa. Code §§ 1001.22 and 1001.23 (relating to criteria for funding; and allocation of funds), the Department of Health (Department) gives notice of priorities for the distribution by the regional emergency medical services (EMS) councils of funding from the Emergency Medical Services Operating Fund (EMSOF) for the fiscal year beginning July 1, 2013, and ending June 30, 2014.

EMSOF moneys are to be used to provide funding to maintain, improve and develop the quality of the EMS system within this Commonwealth. The Department finds that the EMSOF is not sufficient to fully fund the EMS system. Therefore, it gives notice, under 28 Pa. Code § 1001.22(d), that recipients of EMSOF funding from regional EMS councils may be required to provide matching funds toward all purchases, acquisitions and projects for which the Department permits the use of EMSOF moneys.

Each regional EMS council shall prioritize the distribution of its EMSOF allocation based upon the Statewide EMS Development Plan and its regional EMS development plan, subject to the funding priorities set forth in this notice. By October 30, 2013, the regional EMS councils shall notify the providers and other appropriate entities of the established funding priorities, the application process, acquisition documentation requirements and processing deadlines. Each regional EMS council must complete all documents required for the distribution of EMSOF funding by June 30, 2014.

The Department may increase the amount of the initial payment or reimbursement from the EMSOF based upon the EMS development plans (State and regional) or documented financial hardship of a provider of EMS. A provider of EMS that seeks additional funds due to financial hardship shall be required to submit a financial disclosure statement and other documentation deemed necessary by the Department.

A provider of EMS applying for EMSOF funding must be in full compliance with all regulations, policies and priorities of the State and regional EMS systems.

Funds for purchases, acquisitions and projects for the fiscal year beginning July 1, 2013, and ending June 30, 2014, must be expended or encumbered by the regional EMS council by June 30, 2014.

Funding Priorities

The funding priorities listed as follows are not ranked. The priorities must be considered before there is any regional distribution of EMSOF moneys for initiatives that are not listed. All funding must be distributed in a manner consistent with the regional and Statewide EMS development plans. Consequently, if the priorities in this notice have been funded and additional funding is available, the request to use EMSOF money towards nonpriority items must still be supported by the Statewide and regional EMS development plans.

- * Development or improvement of an organizational risk management program (safety measures, hazard recognition or mitigation and the necessary organizational structure and support processes) proposed by an ambulance service. Proposals for funding must be comprehensive and include safe vehicle operations. Approval by the Department is required prior to funding.

- * Recruitment and retention programs, including scholarships or tuition reimbursement for emergency medical responder (EMR), emergency medical technician (EMT) and paramedic education in areas with high prehospital personnel vacancy rates as determined by the regional EMS council and approved by the Department.

- * Equipment required to meet basic life support (BLS) and advanced life support (ALS) ambulance service licensure.

- * Capnography equipment (especially wave-form end-tidal CO₂ monitors).

- * Replacement of an ambulance for ambulance services that is older than 10 years or has more than 200,000 miles on it. Limit to one per fiscal year.
- * Software or computer equipment to enable services to collect and transmit EMS patient care reports electronically.
- * Quality assurance improvement programs.
- * Costs associated with investigating a potential merger or consolidation of services. These costs include consulting fees, studies, legal fees and statistical analysis.
- * Costs associated with the actual merger or consolidation of services.
- * Bariatric equipment to equip ambulances.

When two or more ambulance companies have consolidated to create one entity, for the first 5 years after the ambulance companies completed consolidation, the entity may be deemed eligible to receive funding not to exceed the amount of the combined total for which the individual companies would have been eligible had they not consolidated.

Emergency Preparedness and Response Funding Requests

Emergency preparedness and response funding requests must be based on local and response roles of services, regional needs and needs identified by threat vulnerability analysis. Purchases must be coordinated with county emergency, fire service, hazmat and hospital organizations in the applicant's service area to assure interoperability and to prevent duplication. Funding requests related to response to all hazard and emergency preparedness must have a clear connection to the regional EMS catastrophic plan and the regional EMS development plan. Priority will be given to fund the ambulance services in each region that have committed to participating in the EMS strike team capability project and respond to requests for EMS, both interstate and intrastate, as identified in the State and regional mass casualty plans.

Provider Equipment

Purchases by providers of EMS are not limited to equipment. If an EMS provider requests EMSOF moneys to purchase equipment, the Eligible Provider Equipment List included with this announcement identifies equipment for which EMSOF funds will be made available to purchase. This list provides the types of providers of EMS eligible for equipment purchases supported by EMSOF funding and the maximum allowable cost upon which the EMSOF contribution will be calculated.

EMSOF funds will fund 60% of the maximum allowable cost of an equipment item for rural providers and will fund 50% of the maximum allowable cost of an equipment item for nonrural providers. Providers of EMS that receive funding are responsible for the balance of the purchase price. The provider may purchase an item for an amount that exceeds the maximum allowable cost, but the provider will be responsible for any amount exceeding that figure. The last two columns of the Eligible Provider Equipment List identify the percentage of EMSOF contribution towards the purchase price, up to the maximum allowable cost of the item, based upon whether the provider operates in a rural or nonrural area.

Examinations

Funding may be provided to EMS services to cover the cost of the State written test for paramedic, prehospital registered nurse (PHRN), EMT and EMR certification taken by their personnel at 100% of the cost of two examination attempts up to a maximum allowable cost of \$300 for paramedic and PHRN, \$140 for EMT and \$130 for EMR per person.

Medical Director

The maximum allowable cost for an EMS agency to contract for medical director oversight is \$10,000 for Fiscal Year 2013-2014.

ELIGIBLE PROVIDER EQUIPMENT LIST

Equipment Description		Life Expectancy	Eligible Purchase For:				Allowable Costs¹	Non-Rural (50%)	Rural (60%)
			ALS	ALS/SQ	BLS	QRS			
EKG Monitor/Defibrillator with Pacer		5 years	Y	Y	N	N	12,000	6,000	7,200

12 Lead EKG ²	5 years	Y	Y	N	N	20,000	10,000	12,000
Automated External Defibrillator (AED)	5 years	N	N	Y ³	Y ³	1,500	750	900
AED Trainer	5 years	N	N	Y	Y	400	200	240
Oxygen Equipment (any combination) Cylinder Demand Valve w/Hose & Mask Regulator (combination or constant flow— 25 lpm capable) Case	5 years	Y	Y	Y	Y	500	250	300
Capnography Equipment	3 years	Y	Y	N	N	3,000	1,500	1,800

Narcotics Security Systems		5 Years	Y	Y	N	N	900	450	540
Refrigerators (mini)		10 Years	Y	Y	N	N	1,200	600	720
Pediatric Safe Transport Device		10 Years	Y	N	Y	N	Up to 400	200	240
Tourniquet (tactical)		5 Years	Y	Y	Y	Y	25	12.50	10
Bariatric equipment		5 Years	Y	Y	Y	Y	27,000	13,500	10,800

¹ All figures are dollar amounts for each item of equipment.

² Amount includes \$1,000 for communications package. Receiving facility must have appropriate communications capabilities.

³ Must be an approved AED service or part of regional planning, and AED medical director required.

⁴ Must be durable equipment, not disposable equipment.

⁵ Completion of approved training program required.

⁶ Completion of approved training program required and BLS service medical director approval required.

⁷ Must be a Department-approved software program, version and vendor.

⁸ Data collection hardware may include computer, modem, printer, backup device and battery system.

⁹ Must be compatible with regional and State EMS communications plan.

Questions regarding the Eligible Provider Equipment List or other matters addressed in this notice should be directed to Robert D. Cooney, EMS Program Manager, Bureau of Emergency Medical Services, Department of Health, Room 606, Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120-0701, (717) 787-8740.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) should contact Robert D. Cooney at the previously listed address or telephone numbers, or for speech or hearing impaired persons may use VTT (717) 783-6514, or the Pennsylvania AT&T Relay Service at (800) 654-5984.

MICHAEL WOLF,
Secretary
